RE: Activation of Amateur License – Rodney L. Enoy (Former Callsign: DW8BON)

Dear Sir Galo,

This is in reference to the status update of Mr. Rodney L. Enoy, a former Class C amateur license holder and his request of the reactivation of his amateur radio license previously issued under the call-sign DW8BON with an expiry date of 18 November 2000.

As of this writing, Mr. Enoy has submitted the following documents through email:

1. Proof of Amateur Activity endorsed by SPARC
2. Duly accomplished application form
3. Certificate of Membership from SPARC
4. Certificate of Attendance – Online Amateur Radio Orientation Seminar from SPARC

In accordance with NTC Memorandum Circular No. 03-08-2012, Section II. Applications and licenses, specifically 8.3, which pertinently states:

“8.3 Club station licenses, RAOs and/or ARSLs that expired beyond 5 years may be renewed in the same manner as Section 8.1. However, the RAO and/or RAL shall be required to attend a seminar on current Radio Laws and Radio Ethics with the national amateur radio organization. The applicant, however, will be assigned a different call sign from that previously issued to him or the club station if it is no longer available for assignment”

Which Mr. Enoy has attended an online amateur radio orientation seminar conducted by the Southern Philippines Association of Radio Communications, Inc. (SPARC, INC).

In view of the foregoing, this office recommends approval of Mr. Enoy's request for the reactivation of his amateur license – the same call-sign –subject to pay the corresponding fees and arrears accumulated up to his renewal at any NTC Region 9 office.

For your information and approval.
